W. Michael Shaffer, *The College Board*
Alicia P. Schmitt, *Educational Testing Service*
Lorrie Shepard, *University of Colorado, Boulder*
Stephen G. Sireci, *University of Massachusetts, Amherst*
Jeffrey K. Smith, *Rutgers University*
I. Leon Smith, *Professional Examination Services*
Richard J. Stiggins, *Assessment Training Institute*
Brenda Sugrue, *University of Northern Colorado*
Walter Vispoel, *University of Iowa*
Douglas R. Whitney, *Regents College, SUNY, Albany*
R. Craig Wood, *University of Florida*
John W. Young, *Rutgers University*
Michael J. Zieky, *Educational Testing Service*

Author Index, Volume 15, 1996

Burton, Nancy, No. 4, p. 5
Cizek, Gregory J. No. 1, p. 13; No. 2, p. 20
Downing, Steven M. No. 1, p. 5
Fan, Meichu. See Ryan, Katherine E.
Flexer, Roberta J. See Shepard, Lorrie A.
Guo, Fanmin, No. 4, p. 28
Haladyna, Thomas M. See Downing, Steven M.
Hiebert, Elfrieda H. See Shepard, Lorrie A.
Impara, James C. No. 2, p. 14
Kessel, Cathy, No. 4, p. 10
Lane, Suzanne, No. 4, p. 21
Linn, Marcia C. See Kessel, Cathy
Loyd, Douglas E. No. 3, p. 5
Magone, Maria. See Lane, Suzanne
Marion, Scott F. See Shepard, Lorrie A.
Mayfield, Vicky. See Shepard, Lorrie A.
Nitko, Anthony J. See Guo, Fanmin
Phelps, Richard P. No. 3, p. 19
Phillips, S. E. No. 2, p. 5
Plake, Barbara S. See Impara, James C.
Ryan, Katherine E., No. 4, p. 15
Shepard, Lorrie A., Flexer, Roberta A., Hiebert, Elfrieda H., Marion, Scott F., Mayfield, Vicky, & Weston, Timothy J. No. 3, p. 7
Thissen, David. See Wainer, Howard
Wainer, Howard No. 1, p. 22
Wang, Ning. See Lane, Suzanne
Weston, Timothy J. See Shepard, Lorrie A.

Title Index, Volume 15, 1996

Are U. S. Students the Most Heavily Tested on Earth?, *Phelps*, No. 3, p. 19
Effects of Introducing Classroom Performance Assessments on Student Learning, *Shepard, Flexer, Hiebert, Marion, Mayfield, and Weston*, No. 3, p. 7
Examining Gender DIF on a Multiple-Choice Test of Mathematics: A Confirmatory Approach, *Ryan and Fan*, No. 4, p. 15
Gender-Related Differential Item Functioning on a Middle-School Mathematics Performance Assessment, Lane, Wang, and Magone, No. 4, p. 21
Grades or Scores: Predicting Future College Mathematics Performance, *Kessel and Linn*, No. 4, p. 10
Graduate Programs That Prepare Educational Measurement Specialists, *Guo and Nitko*, No. 4, p. 28
Have Changes in the SAT Affected Women's Mathematics Performance?, *Burton*, No. 4, p. 5
How Is Reliability Related to the Quality of Test Scores? What Is the Effect of Local Dependence on Reliability?, *Wainer and Thissen*, No. 1, p. 22
Legal Defensibility of Standards: Issues and Policy Perspectives, *Phillips*, No. 2, p. 5
Model for Evaluating High-Stakes Testing Programs: Why the Fox Should Not Guard the Chicken Coop, A, *Downing and Haladyna*, No. 1, p. 5
NCME Instructional Module: Setting Passing Scores, *Cizek*, No. 2, p. 20
Professional Development in Student Assessment for Educational Administrators: An Instructional Framework, *Impara and Plake*, No. 2, p. 14
Standard-Setting Guidelines, *Cizek*, No. 1, p. 13
Remembering a Past President, *Loyd*, No. 3, p. 5

Grades or Scores
(Continued from page 14)

problem solving (pp. 19–29). Hillsdale, NJ: Erlbaum.

Rosser, P. (1989). *The SAT gender gap: Identifying the causes.* Washington, DC: Center for Women Policy Studies.

Spencer, S. J., & Steele, C. M. (in press). Under suspicion of inability: Stereotype vulnerability and women's math performance. *American Psychologist.*

Testtakers. (1993). *Testtakers, student manual.* San Francisco: Author.

Young, S. C. (1980). The mental representation of geometrical knowledge. *Journal of Mathematical Behavior, 3*(1), 123–144.

Examining Gender DIF
(Continued from page 20)

matics performance assessment. Paper presented at the Annual Meeting of the American Educational Research Association, San Francisco.

Linn, M. C., & Hyde, J. S. (1989). Gender, mathematics, and science. *Educational Researcher, 18*(8), 17–27.

Linn, M. C., & Kessel, C. (1995, April). *Grades or scores: Predicting college mathematics performance.* Paper presented at the Annual Meeting of the American Educational Research Association, San Francisco.

Linn, R. L., Levin, M. V., Wardrop, J. L., & Hastings, C. N. (1981). Item bias in a test of reading comprehension. *Applied Psychological Measurement, 5,* 159–173.

Mazzeo, J., Schmitt, A. P., & Bleistein, C. A. (1993). *Sex-related performance differences on constructed-response and multiple-choice sections of advanced mathematics* (Research Report No. 93-5). Princeton: Educational Testing Service.

Nandakumar, R. (1991). Traditional versus essential unidimensionality. *Journal of Educational Measurement, 28,* 99–118.

Nandakumar, R. (1993). Simultaneous DIF amplification and cancellation: Shealy-Stout's test for DIF. *Journal of Educational Measurement, 30,* 293–312.

Noddings, N. (1992). Variability: A pernicious hypothesis. *Review of Educational Research, 62,* 85–88.

O'Neill, K. A., & McPeek, W. M. (1993). Item and test characteristics that are associated with differential item functioning. In P. W. Holland & H. Wainer (Eds.), *Differential item functioning* (pp. 255–276). Hillsdale, NJ: Erlbaum.

Second International Mathematics Study. (1985). *Summary report for the United States.* Champaign, IL: Stipes.

Second Study of Mathematics. (1985). *Technical Report 1: United States.* Champaign, IL: Stipes.

Shealy, R., & Stout, W. (1993). An item response theory model for test bias and differential test functioning. In P. Holland & H. Wainer (Eds.), *Differential item functioning* (pp. 197–240). Hillsdale, NJ: Erlbaum.

Shepard, L. A., Camilli, G., & Williams, D. M. (1984). Accounting for statistical artifacts in item bias research. *Journal of Educational Statistics, 9,* 93–128.

Stanley, J. C. (1991, May). Differences on the College Board achievement tests and the Advanced Placement Examinations: Effect sizes versus some upper-tail ratios. In *The Henry B. and Jocelyn Wallace national research symposium on talent development.* Symposium conducted at The Connie Belin National Center for Gifted Education, University of Iowa, Iowa City.

Stout, W. (1987). A nonparametic approach for assessing latent trait unidimensionality. *Psychometrika, 52,* 589–617.

Stout, W. (1993, December). *Item and test bias: Multidimensional IRT viewpoint and detection via SIBTEST.* Paper presented at a colloquium at the University of Illinois, Educational Psychology Department, Urbana.

Stout, W., & Roussos, L. (1995). *SIBTEST user manual.* Urbana, IL: University of Illinois.

Weinzweig, A. I., & Wilson, J. W. (1977). *Suggested tables of specifications for the IEA mathematics tests: Working Paper I.* Unpublished manuscript.
